FROM THE HEAVENS TO THE NATIONS...

Our first North American leaders' conference is now only 7 weeks away! We are looking forward to seeing many of you there and ask that you would continue to encourage leaders to attend.

As you have known from previous correspondence, this time together is being held in Virginia because this year we celebrate the 400th Anniversary of our nation's birth. Although the theme of the conference is focused around The Discipling of Nations, we plan to hold an open celebration during this time in which we can address the issues of compromise surrounding the birth of the nation. We believe God wants to release something fresh concerning His Fatherhood and we plan to make strong apostolic and prophetic declarations to this end.

I appreciate the effort many are making to travel here from around the world to stand together in this strategic time for Virginia and the USA.

H AS COTN GONE UNDER?

Yes we have! Down under that is! On 07/07/07 we held our first COTN leaders time in Melbourne. We gathered from around Australia, with people coming from Queensland, Victoria, Tasmania and West Australia and also from South Africa, Japan and of course us from the USA

It was a significant time of relationship building both for those within COTN and also others of similar vision that God is leading us to network with.

Tony & Marilyn will be back in Australia in October to follow up on the July time and to welcome into COTN a church and continue connections in Launceston, Tasmania, Tony's home town.

We are excited as we strategically plan towards development in the region!

C LIMBING TO THE TOP OF THE CHARTS

As many of you know I have been very involved with Cross Rhythms for many years and now C R operates in the protection of the COTN family.

Jonathan Bellamy, along with others, will be climbing Ben Nevis, the highest point in Britain, and broadcasting live from there.

I encourage all to read the attached article from Jonathan and consider how you are able to support them. Also visit the C R website and learn more about the great effectiveness of this ministry.

C LIMBING TO THE TOP OF THE CHARTS

Dear Friends,

On September 15th I, along with 15 or more other Cross Rhythms supporters, am climbing Ben Nevis as a fundraising challenge. But it's not just a fundraiser; we're climbing to the top of the nation, to broadcast to the nation, for a Christian community radio voice in the cities of the nation.

As you know we've been pioneering this in Stoke-on-Trent on FM, and in March this year Cross Rhythms Plymouth was launched. Next year Cross Rhythms Teesside will launch and we're talking with other groups in other cities too. Our sights are set on 10 or so of these stations in the nation.

In addition we are setting up a Media Training Academy to equip courageous disciples in media to work in these stations and indeed in any media initiative in the country.

It's a time of expansion and will require an increase of resource to deliver the mountain of opportunity set before us.

Intriguingly, I discovered this weekend that Ben Nevis in Gaelic means Mountain Of Heaven!

What I'm wondering is basically whether you would get behind us at this time and sponsor/invest into us in doing this climb?

For more information go to www.crossrhythms.co.uk/bennevis

I look forward to hearing from you.

God bless,

Jonathan Bellamy
